

UNIT 1 — Stereotypes

WORKSHEET 2: INFORMED IMPRESSIONS

This worksheet supports the first exercise in Unit 1 of the resource.

In your groups, take 5 minutes to think back over the film you have seen and the answers that you gave in Exercise One. Discuss how your views or impressions of both the Fleadh and Marching Bands have changed, or not changed, through watching the film.

In your groups, then write down why your impressions may have changed and then some examples of times when your views or expectations of a person or situation have proven wrong in the past, and why. Note down your answers on the sheet and report back to the group when requested to.
