

UNIT 3 — The Learning

WORKSHEET 6: MOVING FORWARD

This worksheet supports the first exercise in Unit 3 of the resource.

Working in small groups, discuss the questions below for 5 minutes, then write your responses down on the worksheet.

- Discuss the ways you think communities in Ireland, specifically the North have felt a threat (even if it is not real).

- How does your particular cultural identity help you have a sense of self and safety?

- Given what you have learned or understood from this engagement between the Londonderry Bands Forum and An Gaeláras, can you identify any ways that the chances of conflict can be lessened and cooperation nurtured/promoted?

Report back to the group when requested to.
